

MIntegrity's solution to your regulatory document needs

## Introducing RegisWeb

RegisWeb combines MIntegrity's regulatory domain expertise with access to our digital regulatory library, powered by our technology partner, 1WordFlow.

Receive regulatory updates that are seamlessly integrated with your compliance policies and documents. Take advantage of valuable expertise from our experienced regulatory specialists. All via a secure, easy to use web-based interface.

### Why RegisWeb?

- Save time and money
- Reduce regulatory risk
- Maintain best practice documents
- Real time coverage by MIntegrity specialists
- Better document version control

### How we implement

- Stage 1 - Gap analysis and set-up
- Stage 2 - Digitisation and integration of your policies with relevant regulations
- Stage 3 - Ongoing regulatory change updates
- Stage 4 - Maintenance and support

### About 1Wordflow

1WordFlow is a leading Australian technology company that specialises in maximising the strategic value of information for organisations in many industries and locations.
